November Issue

The News Letter Team's

Prospective

of the

Georgia Milestone Test

Although some of us are not yet prepared, students believe that it's a great way to prepare us further on. Our English Language Arts teachers have done a lot of drudgery this semester to get us ready for the test in the Spring. We feel as though the Georgia Milestone is the best test yet! There will be a number of selective choices and constructed responses, therefore, we actually have to use our own minds to pass this test. Keep up the good work ELA, Math, Science, and Social Studies teachers!

HIGHLIGHT ATHLETIC : FOOTBALL COACH

Our school ISS teacher Coach Heard is McNair Senior High School's Varsity and Jr. Varsity football coach. He talked about how he made sure players worked hard and was dedicated to win each game . The Varsity's team most recent game had been against South Atlanta High-School with a winning score of thirteen points to their six points. There are only three games left in the season and if they receive a win on all games, McNair will be going to the playoffs. Jr. Varsity season is officially over . Players ended the season with a winning record of 3-2. A few star players were pointed out Lee Sims (running back) Rodgerick Hamilton (offensive/defensive lineman) and Jalen Brown (defensive back) all in which attended McNair Middle School last year.

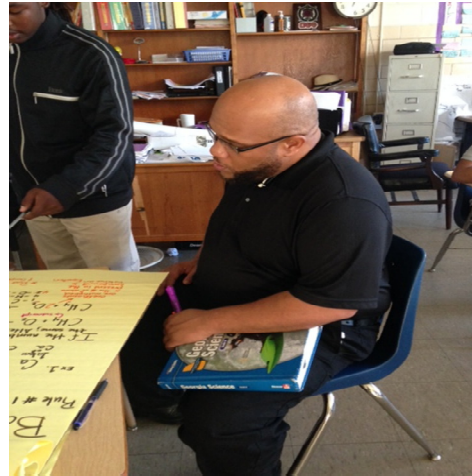

Who would you want for the Teacher of the Month?

Teacher Of The Month B-Team

Mr. Dunton has been teaching for 15 years and he enjoys his job. He teaches 8th grade and he does everything he can to get students to learn so they can grow up and have a good education. Working these 15 years he has only had one problem, most students act out in class and refuse to follow directions. He is a great teacher, but I wondered what he does outside of school. He loves to cook, works on cars, and sings in his church's choir; but, lets get back to the basics. He is currently a Football Coach, even though football season is over, he still tries his best to keep his boys on track - school wise. He motivates his boys to do their work and not get in any trouble. He also makes sure everything on B-team runs

smoothly so that nothing gets out of hand or off track. He is a really funny teacher and an inspiration to most students.

Teacher Of The Month A-Team

Ms. Hanna has been teaching for three years and enjoys it. Not only does she teach 8th grade math, but has also taught 8th grade science. Although Ms. Hanna has a great job and enjoys it, teaching is not what she wanted to do. Ms. Hanna is also the Basketball Coach for the girls. She says "Right now they are learning drills and on the track running." Sounds cool! With such a busy day, what wakes her up in the morning is knowing that she's giving kids a quality education to be great citizens for the world. Graduating from Albany State with her Bachelors, Ms. Hanna still attends school studying for her Masters in Educa-

tion. Ms. Hanna is an inspiration, a loving citizen, and a great teacher.

Weird National Holidays

November 2nd - Look for Circles Day- Go forth, in search of circles. We suspect you will find them everywhere. Looking for circles, is a lot like swimming in a round pool. You go round and round. There's a lots of splashing. But, you don't get anywhere.

November 3rd - Sandwich Day- In 1762 John Montagu created the sandwich. Celebrate this holiday by eating sandwiches at every meal.

November 10th -Forget-Me-Not-Day-Forget-Me-Not Day is a day to remember family, friends, and loved ones. People use this day to get in touch with family, friends and loved ones, especially those who we haven't seen in a while. You don't want them to forget you, do you!? This day is intended to remember the living. But, some people have used it to memorialize a loved one who is no longer with us.

November 16th -Have a Party with Your Bear Day-Is your Teddy Bear a real "party bear"? Hopefully he is, because today is Have a Party with Your Bear Day. And, what a swell day it is going to be! You get to have a party. And, you get to spend time with your Teddy Bear. I bet you can't think of anything that is more fun!! Get out the party banners and balloons. Make a cake. Send out the invitations. Invite all of your teddy bears, and your human friends, too. Let them bring their teddy's along. Today is going to be a fun day.
